Aim high ... because everything is possible!

8th October 2021

Dear Parents,

As a result of the recent safer school parent questionnaire, I would like to inform you of the results which are listed overleaf. Thank you for taking the time to complete this to help the school to improve safety further.

There was one issue noted from the questionnaire, where 2 people completing the questions stated that they had seen the grounds being used out of school hours. No details have been given regarding this, however if anyone notices this happening, please inform the school office.

Work has been underway recently to ensure the safety of the pupils when using the pirate ship by laying safety surfacing. We have also recently had our annual playground equipment and gym equipment safety checks to ensure all equipment is safe. Only one report was identified on the playground equipment which was the need for a replacement pole on the trim trail. Last year we had new fencing erected at the rear of the school and this now ensures greater safety for the pupils.

We will continue to work towards improving the safety of our pupils at school and our work towards maintaining our safer schools award will make our school a safer place for your children. Please let me know at any time if there are any more safety issues which come to light.

Yours sincerely,

Mrs M Ward
